

Conagra Foodservice

Chocolate Fudge, Pc Packets

Chocolate Fudge Portion Control Packets are ideal for operators who offer takeout desserts, prefer operational efficiency of a pre-packaged caramel, or have a slower dessert selling period.

Packet is easy to open for kitchen staff or patrons. 1.5 oz. quantity is an ideal serving size for sundaes, brownies and slices of cakes. Ideal for low traffic periods; operators can still offer a hot fudge product without keeping an entire can warm. Ideal for takeout to provide dine-in experience at home that the patrons would have in the restaurant. Assists in managing ingredient costs because portion control eliminates ingredient waste in the back of house.
