General Requirements

All CMP products are manufactured under USDA inspection, and comply with current applicable Federal and State food and drug laws. Materials must not be adulterated or misbranded, and must be free from organisms or chemicals that would deem them unsuitable for processing. USDA and food safety regulations, including HACCP plans and GMPs, have been developed, implemented, and are regularly validated.

Recommended Shipping Temp: 28 - 36 °F

Shipping Requirements: Product is shipped in clean, insulated, and mechanically refrigerated transportation equipment that has been pre-chilled.
