Features and Benefits (Case GTIN: 10072058619418)

Features: What is Dole Soft Serve® Mix? It's a dry soft serve mix that makes it fast and easy for you to whip up better-for-you treats with a variety of dairy-free true-to-fruit fruit flavors, including Pineapple, Mango, Lemon, Orange, Raspberry, Strawberry, Lime, Cherry, and Watermelon.

Preparation and Cooking: Reconstitute - Fill a clean Dole bucket with cool tap water to the one gallon line. Pour in one bag of Dole soft serve mix while stirring. Add water to bring mixture to the two gallon line. Stir mixture. Pour into soft serve machine or cover with lid and put in refrigerator. FDA requires product temperature to reduce to 41degrees F within four hours.

Serving Suggestions: Any two Dole Soft Serve® flavors can be combined to create one incredible taste sensation. All you have to do is prepare both flavors individually then add them side-by-side in your soft serve machine. Simple, yet yummy.

Storage: Prior to reconstitution this product has a one year shelf life when stored in a cool dry place.
