### Fabrication Process:

The Brawley Beef HoneycombTripe is a cleaned and washed tripe product. The tripe is derived from Brawley Beef Naturally raised young, beef steers.

The Brandt Beef Honeycomb Tripe is collected from the viscera portion of the Brawley Beef naturally raised steer. The processing procedures include thorough washing and cleaning of the tripe to assure removal of all foreign materials. The honeycomb is separated from the main tripe, it is washed and racked for thorough chilling. After chilling the honeycomb tripe is removed from the rack and individually Cryovaced.
