### Prep & Cooking Suggestions

To use Golden Dipt Tropical Rum Coconut breader, prepare a batter of G7001 Pre-Dip Mix or G2457 Tropical Rum Coconut Batter Mix according to package directions. For best coverage, dust food with dry pre-dip mix first and shake gently to remove excess. Dip food into prepared pre-dip batter and drain slightly. Then place food into a pan of Panko breadcrumbs, covering food and using a gentle pressing action to adhere crumbs. Fry food in preheated oil until done. Length of frying time will depend on size and type of food.
