

GRILL BRUSH W/ SCRAPER – B830

Brushes

TECHNICAL DATA SHEET

1.0 Description

Curved Handle Wire Brush

The contoured construction of our Curved Handle Wire Brush makes it perfect for cleaning hard to reach areas. Complete with a 1 3/8" plated steel scraper and 3" x 19" construction, the brush has a wood handle measuring 13-3/4" long and 7/8" thick and a 1-1/8" trim length.

2.0 Intended Use

Typical applications include cleaning hot grills and ovens, removing rust, scale, paint and varnish.

3.0 Construction

These popular wire scratch brushes are manufactured with tempered carbon steel wire and smooth hardwood handles.

4.0 Packaging and Marking

Packaging:

- 12 ea per box.

Marking: Use ACS Number: B830

ACS brand or private label is available for this product.

5.0 Directions for Use

GRILL CLEANING The most vital thing is the right tool: a heavy duty grill brush.

Along with an excellent grill cleaning brush, we recommend having a container of water to hand. Ensure the grill is hot, then dip the stainless steel bristles into the water just prior to scrubbing the grill. The mix of the water and heat makes it really extremely easy to eliminate all the persistent burnt on food and grease.

6.0 Properties

Property	Value
Handle Length	13¾" (+/- ½")
Handle Thick	⅞" (+/- ⅛")
Fiber Type	Carbon Steel Wire
Trim	1⅝" (+/- ⅛")
